A Future Wheat Country.

wheat as staple article of commerce in India. And that which was produced in India was exported to the Europeans in that country. But in 1870, 2,000 tons were exported—the first lot which attracted any attention. The wheat production has increased since so that this year it is estimated that 100,000 tons will be exported. It is not alone notwithstanding there is something like famine in some of the districts. This wheat is said to have the peculiar hardness and dryness of California wheat. It is grown in the same soil as the rice. The ratio of wheat production should be kept up in India the day would not be distant when that country would supply the English market. At present the wheat district is confined to the same soil as the rice. It is grown by the aid of irrigation, although in some districts it is possible to get one crop of cereals without irri-

of a country contract in what are known as the "wheat belt" of the Northwest, Portland is itself becoming a great wheat center for shipping purposes. If ever the North Pacific coast will be a great wheat port, the great wheat depot on Puget Sound. But whether it is completed or not, there will be a vast wheat country tributary to the seaports on the Columbia river while at least one of the great wheat country tributary to San Francisco has yet been put under cultivation. In a few years wheat will be raised across the entire Puget Sound region, and the wheat of the Western States which will adopt more profitable branches of agriculture. —

...DEATH OF AN HISTORICAL HORSE.—
At Dunelm, Woodstock, Canada, on the 20th inst., a fine grey horse, a charger indeed. At the time of his death he was in possession of Lieut.-Col. McKinnier, M. P., who purchased him from Major Stewart, of H. M. Rifle Brigade, in 1864, for the sum of £100. He was presented by Omar Pasha to Lord Raglan, on his leaving for the Crimea. He served through the Crimean campaign, and then came into the possession of Major Stewart, who passed him on to those of Major Stewart, who brought him to Canada, where he eventually became the property of his present owner, in whose service he has been for the last five years. He is now passing into the hands of a Canadian, and in addition to his other military experiences, he served bravely through the Fenian difficulties. He

RUSSIAN EYES.—The Government of Prussia has completed a curious inquiry. All the children in school on a certain day were examined, and the color of their eyes and hair carefully registered. It was found that 42.97 per cent. had blue eyes and 57.03 per cent. had brown eyes. While no less than 72 per cent. had blonde hair, 28 per cent. had brown hair, and only 1.21 per cent. black hair. Only 6.53 per cent. again, are of light hair, and 93.47 per cent. have light haired—proportion is much smaller and the savans therefore consider that the dark complexion comes from the South, which is in accordance with the fact that the dark races of Asia any color but black for the hair may be said to be absolutely unknown; and light-colored eyes, though not unknown, are rare. The proportion of the eyes in and was a protection against too much light?

NOT WITHOUT REASONS.—West Virginia is the one Southern State whose white population might have been expected to be in sympathy with the Republican party. It had but few negroes, and was easily classed as a

from the old State of Virginia during the war. It was a steady Republican vote for several years after the close

the war, and gave its electoral votes Grant both in 1868 and in 1872. In 1880 the Democracy carried it by a pretty strong majority, and this election shows that, like its sister states of the South, it has gone into the Democratic party to stay.—N. Y. Herald.

Centaur Liniments!

The Quickest, Surest and Cheapest Remedies.

Physicians recommend, and Farriers declare that no such remedies have ever before been in use. Words are cheap, but the proprietors of these articles will present trial bottles to medical men, gratis, and will guarantee more rapid and satisfactory results than have ever before been obtained.

The Centaur Liniment, White Wrapper, will cure Rheumatism, Neuralgia, Lumbago, Sciatica, Caked Breasts, Sore Nipples, Frosted Feet, Chills, Swellings, Sprains, and any ordinary.

FLESH, BONE OR MUSCLE ALIMENT. It will extract the poison of bites and stings, and heal burns or scalds without a scar. Lockjaw, Palsy, Weak Back, Caked Breasts, Eczema, Toothache, Itch and Cutaneous Eruptions readily yield to its treatment.

Henry Black, of Ada, Hardin Co., Ohio, says: "My wife, which this Liniment would not cross the floor. She is now completely cured by the use of Centaur Liniment. We all feel thankful to you, and recommend your Liniment to all our friends."

James Hurd, of Zanesville, O., says: "The Centaur Liniment cured my neuralgia." Alfred Tuck, of Newark, writes: "Send me one dozen bottles by express. The Liniment has saved my leg. I want to distribute it."

The sale of this Liniment is increasing rapidly. The Centaur Liniment, Yellow Wrapper, is for the tough skin, flesh and muscles of HORSES, MULES AND ANIMALS.

We have never yet seen a case of Spavin, Sweeney, Ring-bone, Wind-gall, Scalds or Pott's Evil, which this Liniment would not speedily benefit, and we never saw but a few cases which it would not cure. It will cure when anything can. It is fully tested and for a Farrier, when one dollar's worth of Centaur Liniment will do better. The following is a sample of the testimony produced:

"JEFFERSON, Mo., Nov. 10, 1876. "Some time ago I was shipping horses to St. Louis. I got one badly crippled in the ear. With great difficulty I got him to the stable, on Fourth Avenue. The stable-keeper gave me a bottle of your Centaur Liniment, which I used on his head. He was cured in three days. The horse was active and nearly well. I have been a veterinary surgeon for thirty years, but your Liniment beats anything I ever used."

A. J. M'CARTEY, Veterinary Surgeon. For a postage stamp we will mail a Centaur Liniment, containing hundreds of certificates, from every State in the Union. These Liniments are now sold by all dealers in the country.

Casteria is the result of 20 years' experiments, by Dr. Samuel Pitcher, of Massachusetts. It is a vegetable preparation as effective as Castor Oil, but perfectly pleasant to the taste. It can be taken by the youngest infant, and neither gags nor gripes. Dr. A. J. Green, of Royston, Ind., says of it:

"I have tried the Castoria and can speak highly of its merits. I think, do you entirely with Castor Oil. It is pleasant and harmless, and is wonderfully efficacious as an aperient and laxative. It is the very best."

The Castoria destroys worms, regulates the stomach, cures Wind Colic, and permits of natural healthy sleep. It is very efficacious in Croup, and for Teething Children. Honey is not pleasant to the taste, and Castor Oil is not so certain in its effects. It costs but 25 cents, in large bottles.

CENTENNIAL EXHIBITION, PHILADELPHIA, PA.

THIS GREAT INTERNATIONAL EXHIBITION, DESIGNED TO COMMEMORATE THE ONE HUNDREDTH ANNIVERSARY OF AMERICAN INDEPENDENCE, OPENED MAY 10th, AND WILL CLOSE NOVEMBER 10th, 1876. All the Nations of the world and all the States and Territories of the Union are participating in this wonderful demonstration, bringing together the most comprehensive collection of art treasures, mechanical inventions, scientific discoveries, manufacturing achievements, mineral specimens, and agricultural products ever exhibited. The grounds devoted to the Exhibition are situated on the line of the Pennsylvania Railroad, and embrace four hundred and fifty acres of Fairmount Park, all highly improved and ornamented, on which are erected the largest buildings ever constructed—five of these covering an area of fifty acres and costing \$2,000,000. The total number of buildings erected for the purposes of the Exhibition is near two hundred. During the thirty days immediately following the opening of the Exhibition a million and a quarter of people visited it.
